Acknowledgements

I am grateful to Cynthia Beresford, Péter Medgyes, Kálmán Németh, Mario Rinvulcri and Penny Ur, who first demonstrated to me what motivating language teaching was about in practice; the anonymous reviewers of the manuscript at its various stages, who have made some very constructive and insightful comments/suggestions; and Mickey Bonin from Cambridge University Press, who was there with advice and support right from the beginning when this book was only a vague idea.

Sincere thanks to you all and also to the many other people – family, friends, colleagues and students – from whom I have learnt about motivation during the past two decades.
